Eco-friendly.

Fast and cost-efficient.

Citizen Thermal printers are often the perfect choice when it comes to fast and efficient prints. This is because they offer a number of unbeatable advantages:

- Speed up your processes with fast print speeds and zero warm-up delays
- Make your business more profitable with lower costs of ownership (TCO) and decreased consumable costs
- Save space thanks to smaller unit footprints and one type only consumables
- Variable print lengths thanks to printing from roll - not restricted to DIN A4
- Create a healthier workplace with quiet operation and no toner dust or ozone emissions
- Easy set-up and operation, no paper jams and well-tested technology makes your IT more cost-efficient and reliable
